

Miracles

God's Word is full of miracles, moments and times when God supernaturally intervened with power, purpose, provision, protection and more! However, the miracles recorded in Scripture are not left to those moments alone. They do tell us the stories of how God miraculously intervened back then, but they also point to the supernatural nature and character of our God which is still working amongst us today. Our God is still able, still willing, and therefore still moving amongst us in miraculous ways! Join us this month as we READ miracle moments in our Bibles and also COPY parts of them alongside copying Biblical declarations of God's miracle working power too. As you READ & COPY may you be inspired and encouraged to believe God for all the miracles you may need in your own life!
